**Thank
You!**

Your gift is helping
kids with asthma
live normal,
healthy lives!

Thank you kindly for your recent gift to the American Lung Association. Your support helps us address the increase in the number of people with asthma. In San Francisco and San Mateo counties alone, approximately 122,000 adults and children suffer from asthma.

Asthma is a leading cause of school absenteeism due to chronic illness in California. With your support, we can help children better manage their asthma, so they remain in the classroom, healthy and ready to learn.

Establish a Charitable Gift Annuity with the American Lung Association

Dear Friend,

Thank you so much for your recent gift to the American Lung Association and for supporting our mission—*To prevent lung disease and promote lung health.*

Your support helps the American Lung Association educate children how to manage their asthma so that they can enjoy a normal, healthy childhood. As a result of your generosity, children miss fewer school days due to asthma, currently the leading cause of school absenteeism in the United States.

Your donation also helps people quit smoking, protects the air quality, and funds research efforts.

Once again, thank you for having made an investment in the lung health of your community.

Dear Friend,

Thank you so much for your recent gift to the American Lung Association.

Your support helps us address the dramatic increase in the number of people with asthma.

Asthma is the leading cause of school absenteeism and the leading chronic childhood illness in the United States. Your contribution helps keep children in the classroom, healthy, and ready to learn.

Together we can help reduce environmental asthma triggers, teach children how to manage their asthma, and help people with asthma lead full, active lives. Your donation is funding research around the country to find a cure and better treatments.

Thanks to you, we are *Improving Life, One Breath at a Time*®. To learn more, please call us at 1-800-LUNGUSA, or visit us online at www.californialung.org or www.lungusa.org.
