

Thank you for your recent gift to the American Lung Association. We are grateful to merit your continued support of our critically important mission – to promote lung health and prevent lung disease.

For more than a century, we have been champions for individuals with lung disease. From tuberculosis to emphysema, from asthma to lung cancer, we have dedicated ourselves to promoting lung health through education, programs, advocacy and research.

With your help, we can make the difference in the lives of more than 186,000 people in San Francisco and San Mateo Counties who suffer from lung disease.

Please accept our sincere gratitude for your support in helping save lives. Please contact us for more information or assistance. We are here to serve you.

Dear Friend,

Thank you so much for your recent gift to the American Lung Association and for supporting our mission –  
*To prevent lung disease and promote lung health.*

When making a gift to the American Lung Association, you become part of a century long tradition of promoting lung health through education, advocacy, and research. Your generosity helps people quit smoking, protects the air quality, educates children about how to manage their asthma, and funds research efforts.

Right now, your donation is making a difference in the lives of the more than 35 million Americans who suffer from lung disease.

Once again, thank you for having made an investment in the lung health of your community.
